

***Our work for next years***

---

**Global**

**MDGs  
WSSD outcomes**

**Region**

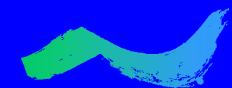

**Initiatives /basin or region  
or continent**

**Country**

**National plans or Strategies  
(Eco., Env. PRSPs)**

- 
- Network in place (regions, global, national in development)**
  - Basic body of knowledge is available (TEC papers, guidelines on IWRM)**
  - Confidence from partners**
  - Alliances**

---

*How to transform all this into  
**EFFECTIVE ACTIONS**  
on the Ground ?*

---

## *In short term*

- Support elaboration of IWRM National Plan
  - Facilitation from CWP
  - Working out guidelines
  - Exchanges of experiences South-South

---

## *In short term*

- Prepare and anticipate the implementation phase:
  - Fundraising
  - Capacity building

---

## *In short term*

- Prepare the IV WWF : focus on "local actions"
  - GWP takes leadership of theme II: "IWRM revisited or reviewed"
  - "learning forum"

---

## *In short term*

### ➤ To act on the ground:

- APs : make it effective at regional level
- TEC : expertise available for regions
- ACs : new ACs at regional level ?

---

## *In medium term*

- Knowledge Management: to improve...
  - transfer of knowledge
  - availability, access
  - adapted, targeted
  
- Go from Alliance to Synergy...between all relevant Organisations, at global and regional levels

**GWP** in action ...

**..For moving all together**

*Thank You*
