Earlybird registration closes 31 July for the International Riversymposium, a global forum on sustainability and rivers, held in New Delhi from 12-14 September. Our Technical Secretary Jean-Francois Donzier will be a keynote speaker! www.riversymposium.com

Email (personal):

Dear ____,

I wanted to let you know I am a keynote speaker for the upcoming International *Riversymposium*, held at New Delhi's Taj Palace from 12-14 September.

Riversymposium is hosted by the International RiverFoundation and is a global, highly reputed conference focused on sustainable river and water management. It brings together river managers, policy developers, scientists, consultants, students, NGOs, indigenous and community organisations and business and industry representatives from around the world to share knowledge, learn from others and collaborate on innovative ideas. Last year's symposium attracted 600+ delegates from more than 30 countries.

This year's theme is *Great rivers of the world: Management for shared benefit*, and a range of topics are available for presenters. You can find out more, register, submit an abstract or discover sponsorship opportunities at www.riversymposium.com.

A subsidy is available for delegates from the Himalayas, which you will find on the website.

I would strongly recommend participating and have attached a brochure for more information.

Please feel free to share this with your networks.

Kind regards,
