Website

- Most of submitters seem to check the website weekly.
 - Someone think that NARBO website has room for improvement in quantity of information.
 - Examples of ideas on website
 - Good practices on river basin management in other countries
 - Effective article on river basin management
 - Forum topic where members can freely discuss issues
 - Member organizations' activities
- 

Newsletter

- A lot of demand for sharing information on other member organization.
 - Contributions by member organizations are needed
 - Examples of ideas on website
 - Case study on success and failure on water resources management
 - Feature one RBO in each issue
 - Information on Benchmarking
- 

IWRM Training

Thematic Workshop

- Recommended topics in the future
 - Water rights and allocation
 - RBO creation and organization
 - Raw water pricing
 - Climate Change
 - Managing wet land and water resources
 - Stakeholders' participation in decision making process
- 

How to improve NARBO

Example of the comments

- To hold more events
 - More Public relations
 - Conducting surveys such as this and frequent visits/consultations with other RBOs
 - Having documentations of all activities and keeping them for reference to more users
-
