

*“From incubation to financing for adaptation:
accelerating the development of water & climate project”*

Monday 11th of December 2023, 11:30-13:00, Room: SE Room 5

With simultaneous interpretation in English ↔ French

Organized by:

Context

Greater frequency & intensity of floods & droughts, unpredictable rainfall: societies are mostly impacted by climate changes through the water cycle. This session addresses how to boost the development of projects of adaptation to climate changes in the basins of lakes, rivers & aquifers.

Programme

MASTER OF CEREMONY & MODERATION (5 min)

- Ms. Khaoula Jaoui, Climate Department Coordinator, Sahara and Sahel Observatory (OSS)
